

# FASTRAC RESURFACER

FOR PARKING GARAGE APPLICATIONS

BEFORE

AFTER

ONE YEAR LATER

## FasTrac Resurfacer

FasTrac ReSurfacer is a two-component, rapid setting, low shrinkage mortar that is used to overlay existing pavements and floors. FasTrac ReSurfacer is mixed with polymer and water on site, and is placed with suitable placement equipment and finished to the desired texture. For applications thicker than 1-inch, the mortar should be extended with 3/8-inch aggregate.

## Advantages

- Rapid Setting; can be opened for pedestrian traffic in less than 1 hour, vehicular traffic in less than 3 hours
- Very low shrinkage
- No priming necessary
- No curing necessary
- Clean with water immediately after use
- Low permeability and improved overall durability
- Excellent resistance to freeze/thaw
- Excellent workability
- Made in the USA
